

Efficient • Safe • Economical • Lightweight • Simple-to-Use

The **Fire Stryker** flame inhibitor is a simple and easy way to ensure that you are prepared in the event of a fire in your home, office or vehicle. It weighs far less than a conventional fire extinguisher and can operate for longer. Best of all, there is **NO residue left behind after use**.

The **Fire Stryker** is small, lightweight and environmentally friendly. It can be safely stored for easy access in an emergency. The **Fire Stryker** will help you contain a fire, preventing it from becoming a threat to life and property.

The **Fire Stryker** requires **NO servicing, refills, checks or maintenance**. There is no danger from pressurised containers which can explode or malfunction. Store the **Fire Stryker** in an easily accessible place. Point the nozzle at the base of the flames to smother the fire at its core.

### Distinguishing Benefits:

- Requires no maintenance
- Small, compact, lightweight & ultra portable flame inhibitor
- Extinguishing agent: potassium nitrate aerosol
- Unlimited shelf life
- Leaves no residue
- Non-corrosive
- Non-toxic
