

PV8-PRO
Power Line Warning System

ONE-TOUCH
Exclusion Zone

NEW PRODUCT RELEASE

The **ProxyVolt PV8-PRO** is a next-generation power line warning system supporting the safe operation of plant and equipment working within the proximity of high-voltage power lines.

The **PV8-PRO** combines microprocessor technology with ProxyVolt's proven detection circuitry to identify the electrostatic field of any AC high-voltage power line; no matter what the current.

The **PV8-PRO** introduces a new modular design featuring a concealed die-cast housing and a 7-inch touch screen display, delivering operators a user-friendly interface via ProxyVolt's Signature application.

Innovative features include:

- One-Touch Exclusion Zone Setting
- PIN Protected User-Interface
- Traverse Mode
- Acknowledge Timer
- On-Screen Proximity Graph & Proximity Integer
- Built-In Inclinometer
- System Safeguards
- 12 V or 24 V Operation
- Inputs/Outputs to Control External Devices & Audible Alarm State

This may not be a stock item. Please speak to our sales representative about lead times. Lead times, price and availability can only be determined on receipt of an official quote from our supplier. This can sometimes take up to 3 days.
