

Innovative professional tools used wherever top results are expected!

RENNSTEIG TOOLS KNOW-HOW IN YOUR HAND

Whether at a construction site, in a workshop or on an aircraft, user requirements are very diverse. What all users share are the highest standards for their work, as well as the highest demands on the ergonomics and practical functionality of the tools they use.

With their innovations, high-quality materials, precise finishing and long-life design, Rennsteig tools are what professionals look for in their daily work.

THAT'S RENNSTEIG ALWAYS A STEP AHEAD

As technology continues to progress, new tools are needed to work faster, more precisely and more economically with these technologies. Rennsteig are experts at developing these tools and adapting them to shifting market demands and user needs.

Over 50 international patents are impressive confirmation of Rennsteig's lead on world markets.

Rennsteig Cable and Connector Tools now available in Southern Africa via Trysome Auto-Electrical Engineering outlets.

For dismantling round cable sheaths made of PVC, rubber, silicone or PTFE from 6.0 - 29.0 mm diameter

- Self-tightening holding lever
- With knurled nut for cutting depth adjustment
- Change from circular to longitudinal cutting by turning the tool body
- Spiral cutting for removing intermediate pieces
- Replaceable blade
- Housing: plastic, impact proof

OE No.	Capacity (Ø mm)	Length (mm)	Weight (g)
707-1630	6.0 - 29.0	135	110
707-1630 0	Spare blade		

Setting the tool for circular cut

Longitudinal cut

Spiral cutting

For dismantling round cables exceeding 25 mm diameter

- Removes all insulation layers with one motion without cutting what is below
- Suitable for longitudinal and circular cutting
- Designed for stripping the ends and midspan
- Cutting depth can be adjusted up to 5 mm
- Replaceable blade (both sides can be used)
- Tool body: plastic fibreglass-reinforced

OE No.	Capacity (Ø mm)	Length (mm)	Weight (g)
707-1640	> Ø 25	155	210
707-1640 0	Spare blade		

Adjustable cutting depth

Setting the tool for longitudinal cut

Longitudinal cut

Turning the tool for circumferential cut

Circular cut

These may not be a stock items. Please speak to your sales representative about lead times. Lead times, price and availability can only be determined on receipt of an official quote from our supplier. This can sometimes take up to 3 days.
