**Safety Solutions** LED Buggy Whip Flags Ensure Visibility On Site!

Maximise the visibility of your light-duty vehicle and improve site safety with a customised LED whip light.

The LED aerials on the flags are made from heavy-duty fibreglass, meaning they are flexible and strong enough to withstand the rough conditions of a mine site.

The rod is equipped with a spring-mount base, strategically designed to enhance durability and prevent breakage when the rod is driven under a carport.

## FEATURES:

- High-quality, bright LEDs
- 9-33 Operating Voltage/Rated Voltage
- Low power requirement
- Available from 1-2.4 m lengths
- With spring mount

Manufactured by:  
**MANTECH**

This product may not be a stock item. Please speak to our sales representative about lead times. Lead times, price, and availability can only be determined on receipt of an official quote from our supplier. This can sometimes take up to 3 days.
