013COMPDTI

Pro Series Single Air Compressor

- Delivers an imposing 86 litres-per-minute for speedy inflation, thanks to its powerful internal componentry and advanced convection cooling system (patent pending).
- The exterior is constructed from a careful combination of cast and extruded aluminium.
- The seamless anodised exterior provides superior protection for its oversized internals, hard-anodised cylinder bore and teflon-impregnated piston seal.
- Features five unique mounting angles for easy access on your 4x4.
- Includes multiple tyre inflation points, auxiliary ports and a pressure cut-out switch for exceptional utility.
- TJM Pro Series Airline Kit **not included**.
